To arrange interviews with any of the speakers above or for more information, please contact Mike Fusco of Chase at 201-739-2495 or michael.f.fusco@chase.com

WHY: National Development Council makes business loans to create jobs and build wealth in underserved communities throughout the country, with a special emphasis in New York through its Grow America Fund. Child Life Pediatrics, PC, recently received a loan through the Grow America Fund to purchase office space to open its brand new practice. The grant from Chase will allow the Grow America Fund to help more small businesses, like Child Life Pediatrics, resulting in more local jobs to help New York's economy.
